

2018

Contract Carrier Charges for Trade Fairs and Exhibitions in Düsseldorf 2018

KN EXPO & EVENT Logistics

Official Service-Partner
of
Messe Düsseldorf GmbH

General Conditions

- The following on-site handling rates for exhibitions and trade shows in Düsseldorf include all forwarding and handling services performed by the exhibition forwarder as official contractor of Messe Düsseldorf GmbH.
The exhibition forwarders appointed by Messe Düsseldorf as official contractors have the sole handling right within the Düsseldorf Fairground, i.e. transport of exhibition goods and stand-fitting materials etc. to and from the stands, incl. the disposal of the necessary technical equipment as well as customs clearance procedures for temporary and/or permanent importations.
- The German Forwarder's General Terms and Conditions (ADSp) - last amended version - including these exhibition forwarding rates apply or BSK conditions shall apply to all orders placed with the contract carrier. These can be examined in the exhibition forwarder's office on site.
Place of performance and jurisdiction for both parties is Düsseldorf. All charges and expenses are payable according to this tariff upon completion of the particular service. The exhibition forwarding agents are authorized to demand a deposit or advance payment for all services ordered under this tariff.
Due within 14 days from date of invoice. The forwarding agent reserves the right to change the payment terms with prior notice.
- The exhibition forwarder's liability ends with the delivery of the exhibition goods or empty packing materials to the exhibitor's booth, even if the exhibitor or his representative are not present. With regard to the return transport said liability is only resumed with the collection of the exhibition goods from the booth, even if the shipping documents were delivered to the exhibition forwarder's office prior to the collection.
Further valid, are the rules and regulations which are issued by the organizer for each specific event.
- Empty packing materials will be collected and stored by the contracted forwarding agent only upon specific order. If there are empties still inside the halls prior to the opening of an event, the exhibition forwarder is authorized to remove them upon the organizers request, even if no explicit order was given by the exhibitor. The charges incurred are for the exhibitors account.

Empty packing materials will be insured by the exhibition forwarder **only upon specific written order**. Only empty packing materials can be regarded as "empties". No liability will be accepted for possible contents. A smooth and rapid redelivery after the closing of an event can only be guaranteed if the empties were handed over to the exhibition forwarder in an orderly packed condition (i.e. cases, crates and cardboard boxes must be closed, all loose pieces must be tied up) and clearly marked with the exhibitor's name, hall and booth number.
- All claims must be reported to the exhibition forwarder's office in written form and immediately upon receipt of the exhibition goods.
- The list/directory of the forwarding charges will enter into force from 01.01.2017 and ends on 31.12.2017. All rates shown are net rates. Legal VAT, if applicable, will be shown separately on the invoice.
